Suzi, the supposed psychic coroner who solves murders and resides in a rundown Victorian-esque, old-timey house was often accompanied by a doctor and a black nurse. The Black Velvet Comics website is no longer active, but here is a link to my collection of all the comics Suzi Black and Meredith May wrote. Read Suzi Black / Meredith May's Silk FIST #2: Doctor's Orders. // Copyright ©2017 The Gonum Authors.
