
Activex Data Objects 6.0 Library Download (2022)

[Download](#)

... installation. For this activity I will use the Visual Basic 6.0 Enterprise Edition installation media. ... Very important - uncheck the Data Access option. To do this, on the Tools menu, select Options, then select Advanced Options. In the window that appears, click the Data Access tab and uncheck Enable Data Access. ... Now let's create a simple table. To do this, select New at the top of the window, and then select Table in the menu that appears. The Create Table window will appear. ... fffad4f19a
